COLOUR PRODUCTION PRINTING SYSTEM

YOUR ADVANTAGES WITH THE bizhub PRO C71hc

DURABLE PERFORMANCE

- Up to 71 A4 pages per minute
- Up to 36 SRA3 pages per minute
- Up to 3,907 A4 pages per hour
- Up to 1,976 SRA3 pages per hour
- For higher productivity
- For more jobs in the print room

HIGHEST RELIABILITY

- Long-life platform, long-lasting parts and consumables
- Registration-swing mechanism for accurate duplex registration
- Fusing-rolling mechanism
- For prints with maximum efficiency
- For lucrative short-run printing

READY-MADE PRINT PRODUCTS

- 20-sheet booklet making
- 50-sheet stapling
- For highest automation and enormous productivity
- For more profit in the print room

GEARED-UP FINISHING

- Letter fold-in
- Stacking of up to 3,000 sheets
- Optional 2- & 4-hole punching
- Minimised human interaction
- For optimised budgets

ENVIRONMENTAL AWARENESS

- Robust and powerful despite the compact, lightweight body with fewer parts
- Reduced power consumption with latest HC toner
- Industry-leading usage ratio of recycled PC and PET
- For reduced environmental impact
- Improved efficiency based on green values

Recommended configurations

Technical specifications

SYSTEM SPECIFICATIONS

Resolution	1,200 x 1,200 dpi x 8 bit 1,200 x 3,600 dpi equivalent
Paper weight	62–300 gsm
Duplex unit	Non-stack type; 62–300 gsm
Paper sizes	330 x 487 mm
Maximum image area	323 x 480 mm
Paper input capacity	Standard: 1,500 sheets Max.: 7,500 sheets
Paper output capacity	Max.: 3,100 sheets
Main unit dimensions (W x D x H)	760 x 903 x 1072 mm
Main unit weight	286 kg

PRODUCTIVITY

A4 - max. per minute	71 ppm
A3 - max. per minute	38 ppm
SRA3 - max. per minute	36 ppm
A4 - Max. per hour	3,907 pph
A3 - Max. per hour	2,107 pph
SRA3 - Max. per hour	1,976 pph

CONTROLLER

External EFI Fiery Controller	IC-308
External CREO Controller	IC-309
Internal Konica Minolta own controller	IC-602

ACCESSORIES

Working table	WT-511
Air assist paper feed unit	PF-602m
Heating unit for PF-602m	HT-504
Large capacity tray	LU-202
Heating unit for LU-202	HT-503
Air suction paper feed unit	PF-707
Heating unit for PF-707	HT-506
Bypass tray	MB-506
Relay unit	RU-509
Humidification unit	HM-102
Output tray	OT-502
Booklet finisher	FS-612
Staple finisher	FS-531
2/4-hole punch kit for FS-612/531	PK-512
2-hole punch kit for FS-612/531	PK-513
Post inserter for FS-612/531	PI-502

- All specifications refer to A4-size paper of 80 gsm quality.
- The support and availability of the listed specifications and functionalities varies depending on operating systems, applications and network protocols as well as network and system configurations.
- The stated life expectancy of each consumable is based on specific operating conditions such as page coverage for a particular page size (5% coverage of A4).
- The actual life of each consumable will vary depending on use and other printing variables including page coverage, page size, media type, continuous or intermittent printing, ambient temperature and humidity.
- Some of the product illustrations contain optional accessories.
- Specifications and accessories are based on the information available at the time of printing and are subject to change without notice.
- Konica Minolta does not warrant that any prices or specifications mentioned will be error-free.
- All brand and product names may be registered trademarks or trademarks of their respective holders and are hereby acknowledged.

ENABLE YOUR BUSINESS WITH OUTPUT CONTROL

Output Management

“Take the lead in printing.”

Environments with high document throughput need to have absolute control of their processes. To make your printing workflows productive and cost-efficient, you depend on controlling all output and directing it in such a way that all available printers are used to capacity. Professional output management software helps you upgrade the productivity and efficiency of your printroom.

Colour Management

“Don’t doubt your colour!”

Viable colour management solutions combine comprehensive quality assurance capabilities with simple profile-making features. Your advantage with a professional colour management solution is that it delivers precise colour matching, even for novice operators. This helps you avoid or at least minimise the learning curve. At the same time, benefit from straightforward and efficient profile editing and inspection.

Make-Ready

“Always geared for action!”

Professional make-ready software lets you make last-minute changes to print settings just before the job is sent to production. With the right make-ready application, it is no problem to insert tab sheets, delete pages or add complex job processing details like booklet finishing, imposition, colour splitting or crop marks just before printing. Thanks to the real-time preview, you immediately see any changes made to the job. This saves valuable time because you no longer need to produce sample prints before the full print run.

Advantages

- Unify your user interfaces
- Enjoy optimised work processes
- Guarantee the print quality with easy-to-use tools
- Deliver consistent output over time
- Easily incorporate customer requests for last-minute changes
